INTRODUCTION

This is the 51st in the series of 'Annual Statistical Reports' published by the Sri Lanka Tourism Development Authority (SLTDA). The reports were designed to provide data on Sri Lanka's tourism industry on a consistent basis, which is useful for both evidence-based decision making for the development and promotion of the tourism industry. The data compiled and published in this report cover the following areas:

- (a) Trends and characteristics of inbound tourism to Sri Lanka
- (b) Scheduled airline operators and passenger movements
- (c) Accommodation industry- Capacity and its utilization
- (d) Income and employment
- (e) Outbound tourism- Sri Lankans travelling to overseas destinations
- (f) Growth of travel and tourism
- (g) Revenue from tourism

The Annual Statistical Report 2019 is presented in seven parts. Part I is an introduction including definitions, sources of information, global tourism trends and tourism demand. Part II provides a detailed account of the structure of tourist traffic received during 2019 showing the principal markets, seasonality of traffic, travel motivation, duration of stay, age and sex, occupation, passenger movements and scheduled airline operations. Part III presents sectorial information including a statistical analysis of accommodation showing the capacity on offer and its distribution and part IV provides volume of tourism employment while public sector revenue and foreign travel by Sri Lankans are presented in part V and VI. Part VII is the statistical appendix.

1.1 DEFINITIONS

(a) VISITOR

A "Visitor" is a traveller taking a trip to a main destination outside his/her usual environment, for less than a year, for any main purpose (business, leisure or other personal purpose) other than traveling to be a full time student or to be employed by a resident entity in the country or place visited (IRTS 2008, 2.9). A visitor (domestic, inbound or outbound) is classified as a tourist (or overnight visitor), if his/her trip includes an overnight stay, or as a same-day visitor (or excursionist) otherwise (IRTS 2008, 2.13).

(b) INTERNATIONAL VISITOR

An international traveller qualifies as an international visitor with respect to the country of reference if: (a) he/she is on a tourism trip and (b) he/she is a non-resident travelling in the country of reference or a resident travelling outside of it (IRTS 2008, 2.42).

The term "International Excursionist" (same day visitor) refers to an "International Visitor", who does not stay overnight in the country visited.

To clarify further, the following are excluded from the definition of "International Visitor":

1. All persons arriving with a specific purpose of engaging themselves in gainful occupation, full-time studying or to establish residence in Sri Lanka irrespective of their length of stay.
2. Diplomatic personnel.
3. Crews of ships and aircraft even if they stay for one night or more.
4. Dependents of temporary immigrants and children below 3 years.

In this report the term "Visitor", "Tourist" and "Excursionist" are used for "International Visitor", "International Tourist" and "International Excursionist" respectively. In Sri Lanka's tourism statistics, excursionists consist almost exclusively of passengers on sea cruises, who come on shore for purposes of sightseeing, shopping, etc. while the ship is in harbour.

(c) TOURIST ARRIVALS

Every single visit (or entry) of a tourist to the country either in the course of the same trip or in the course of different trips is counted as a "Tourists Arrival", provided the visit (or entry) lasts at least one night in the country (N.B. those who do not cross the frontiers are not regarded as visitors).

(d) TOURIST NIGHT

A night spent in Sri Lanka by a tourist in any type of immobile accommodation.

(e) GUEST NIGHT

A night spent in a Tourist Hotel, Rest-House or Guest-House approved by the Sri Lanka Tourism Development Authority, as being suitable for occupation by foreign visitors.

(f) TOURIST HOTELS

All Tourist Hotels, which are registered under Sri Lanka Tourism Development Authority, can be taken under this category. There are three main categories of Tourist Hotels; Classified, Unclassified & Boutique Hotels. Statistics for some of the other categories (i.e. Small Luxury Hotels/ Boutique Hotels) are added to the report from year 2014.

(g) SUPPLEMENTARY ACCOMMODATION

Guest-Houses which are approved by the Sri Lanka Tourism Development Authority as being suitable for occupation by foreign visitors. Home stay units consist of tourist bungalows, rented tourist home, rented tourist apartments, heritage hotels and heritage bungalows.

(h) TOURISM EXPENDITURE

Tourism expenditure refers to the amount paid for the acquisition of consumption goods and services, as well as valuables, for own use or to give away, for and during tourism trips (UNWTO).

(i) OFFICIAL RECEIPTS

Official receipts constitute the foreign exchange purchases and acceptances by authorized dealers and commercial banks from foreign visitors either directly or indirectly.

1.3 GLOBAL TOURISM

Data reveals that international tourist arrivals grew by 4% in 2019, reaching a total of 1.5 billion. Compared to the exceptional rates of 2017 (+7%) and 2018 (+6%), 2019 recorded a slower growth owing to the slower demand particularly in Europe. The global economic slowdown, uncertainty surrounding Brexit, geopolitical and trade tensions weighed on growth. Further the collapse of Thomas Cook and of several low cost airlines in Europe had negative impacts on the growth.
